Dexion Commercial Warranty

In addition to the minimum conditions or warranties expressed or implied by the *Competition and Consumer Act 2010* or other similar legislation relating to the sale of products of this kind in Australia, **Dexion Group**, as defined below ['Dexion'], provides the following commitment to the Customer in support of any 'Dexion Commercial' branded product or part supplied and installed by Dexion, ['Dexion Commercial product or part'].

1. WARRANTY AGAINST STRUCTURAL FAILURE

- 1.1. Dexion warrants to the Customer that if a Dexion Commercial product or part structurally fails within the Designated Time Period, then that Dexion Commercial product or part will be repaired or replaced with a new or equivalent product or part free of charge, subject always to application, stress or imposed loadings in excess of that specified by Dexion or misuse, negligence or accident, as Dexion determines, by parties other than Dexion.
- 1.2. This warranty will be void where the Dexion Commercial product or part has been subjected to application, stress or imposed loadings in excess of that specified by Dexion or misuse, negligence or accident, as Dexion determines, by parties other than Dexion.
- 1.3. The Customer must immediately give written notice to Dexion and/or its authorised representative upon discovery of a suspected defect in the Dexion Commercial product or part and allow Dexion access to the place of installation for the purpose of inspecting the Dexion Commercial product or part and fulfilling its obligations under this warranty.
- 1.4. This warranty is not transferable and only applies to the Customer and any new and previously unused Dexion Commercial product or part. It does not otherwise apply and is subject to the exclusions set out in clause 7.

2. WARRANTY AGAINST DEFECTS IN MATERIALS AND WORKMANSHIP

- 2.1 Dexion warrants to the Customer that for the period of years from the Date of Delivery listed in the following schedules, ("Warranty Period"), Dexion Commercial products or parts will under normal and proper use be free from defects in materials and workmanship and that any Dexion Commercial product or part that, in Dexion's reasonable opinion, has deteriorated due to defects in materials and/or workmanship by Dexion will be replaced or repaired by Dexion without cost to the Customer in accordance with the terms and conditions of this warranty.
- 2.2 For this warranty to remain valid:
 - a) The Customer must allow Dexion to inspect the installation of the Dexion Commercial product when requested; and
 - b) Any Dexion Commercial product or part that, in Dexion's opinion, is damaged or has deteriorated due to normal wear and tear or local environmental conditions must be promptly replaced at the Customer's cost. Failure by the Customer to replace any Dexion Commercial product or part identified by Dexion as having deteriorated in this way will void the Warranty.
- 2.3 Unless otherwise notified in writing, Dexion and/or its representative's inspection will be charged to the Customer at the rate applicable at the time of inspection, as notified in writing from time to time by Dexion and/or its authorised representative. The Customer must pay Dexion any such fees or charges promptly and in accordance with Dexion's payment terms, failing which this warranty will be deemed void and of no effect.
- 2.4 This warranty is not transferrable and only applies to the Customer and any new and previously unused Dexion Commercial product or part that has been installed by Dexion and/or its authorised representatives. It does not otherwise apply and is subject to the exclusions in clause 7.

3. PRODUCTS REQUIRING REGULAR MAINTENANCE

4. MANUFACTURER'S WARRANTY

Dexion shall endeavour to assign and give to the Customer the benefit of any guarantee or warranty received by Dexion from the supplier or manufacturer.

- 5.3 At the time of notification of the warranty claim, the Customer must provide to Dexion the date of delivery and any serial number relating to the relevant product, together with such information as Dexion may reasonably require concerning the alleged defect.
- 5.4 Where recommended by Dexion, immediate compliance with instructions to repair the installation or replace some of its parts, and/or to unload the installation or suspend use of installation; and
- 5.5 Use and loading of the installation as intended, within rated capacities and loads, as advised by Dexion.

6. RETURNS

Any modification, repair or alteration of the Dexion Commercial product or part by any third party without Dexion's prior written approval voids Dexion's obligations under this warranty.
