

Dexion | Digital Dynamic Aisle Lock

Versa 6G

Product overview

The Dexion Digital Dynamic Aisle Lock offers Keypad or RFID operated locks, taking the pain out of key management with enhanced lock functionality and assigned use operation. This lock provides security for individual aisles within the Freetrack2 and Mekdrive3 Compactus fitted with Ultima CI-80 shelving.

Facility staff will appreciate a selection of Basic or Advanced lock management systems including Electronic Keys to enable master key access, quickly program large quantities of locks or download audit trails. Installation of these low maintenance locks is quick and easy. RFID locks can often be operated via users existing customer RFID cards/credentials.
